

Parents,

You and I both want your kids listening to music that builds them up, which is why I work hard to expose all the kids in our youth group to good Christian music. The students hear a ton of great tunes at church, but unfortunately I can't afford to buy them their own CDs so they can listen 24/7.

interlinc is a company I know and trust to keep me up to date with the latest Christian music. (If you'd like to know more about who they are and what they do, just ask me! Or you can check out interlinc-online.com)

We play a lot of great Christian music at church, but the folks at interlinc (and I) know that in order for that music to **really impact a student's life**, it has to be a part of their world outside church walls.

I want to challenge you to give your student a great Christian CD (or two or three) this year for Christmas.

The good news is, you don't have to know exactly which CD to buy! interlinc has a web site just for students called **echoessms.com**, and since they have online gift certificates, you can turn your student loose and let them choose their own CDs. It may not be your taste in music, but you can trust the choices interlinc offers (odds are good your student will pick something they've heard from my CD collection in the youth room).

So go and check out echoessms.com for yourself. See and hear the music they offer, and then **give your student the chance to choose music this Christmas that will impact their life!**

echoessms.com is having a special Christmas sale ... all CDs are just \$10.99 each! Here's a cheat sheet to help you know the gift certificate amount to purchase at echoessms.com:

1 CD	\$10.99 + \$3.00 s/h = \$13.99*	4 CDs	\$43.96 + \$6.00 s/h = \$49.96
2 CDs	\$21.98 + \$4.00 s/h = \$25.98	5 CDs	\$54.95 + \$7.00 s/h = \$61.95
3 CDs	\$32.97 + \$5.00 s/h = \$37.97		

*State sales tax applicable for purchases in CA, TN and TX
