

# Ministry Connections

"It's important to be walking in the fellowship of a body of believers - both a student group and a church. We need people around us who will sharpen us. When you go off to college (or the work world) the first thing you start doing is sleeping in and blowing off church. I was there, believe me. But when you begin to open up your life to a body of believers, walk with them and are fed with God's Word each week, that's the kind of thing that will keep you on fire."
